

Solvay General Terms and Conditions
For the Procurement of Materials or Services

BUYER DOES NOT ACCEPT ANY TERMS AND CONDITIONS OTHER THAN THOSE EXPRESSLY SET FORTH HEREIN AND ATTACHED TO THIS PURCHASE ORDER, AND BUYER SHALL PURCHASE THE MATERIALS AND SERVICES ONLY UPON THE TERMS AND CONDITIONS ATTACHED HERETO. NO OTHER TERMS AND CONDITIONS THAT MAY OTHERWISE BE CONTAINED IN ANY DOCUMENTS OF SELLER SHALL MODIFY OR CONTRADICT THE TERMS SET FORTH HEREIN.

1. **AGREEMENT TO PURCHASE AND SELL MATERIALS AND SERVICES.** Supplier hereby agrees to provide to Buyer, and Buyer hereby agrees to purchase from Supplier, the Materials and/or Services identified in one or more purchase orders, releases or work orders issued by Buyer to Supplier ("Purchase Order"). These terms and conditions govern all purchases of Materials and/or supply of Services by Buyer from Supplier, and will expressly indicate if and to what extent any provision hereof is limited to either the purchase of Materials or supply of Services. Otherwise, each provision hereof shall be construed as broadly as possible to govern the supply of both Materials and Services.
2. **ESTIMATED QUANTITY.** Quantities listed in a Purchase Order are Buyer's estimate of the quantities Buyer might purchase from Supplier and shall not be construed as a minimum purchase obligation. Supplier shall make no claim for any loss arising from the difference between the actual quantities of Materials or Services purchased by Buyer and any estimates provided by Buyer.
3. **ORDERING / RELEASE PROCEDURE.** All purchases shall be made only upon the terms and conditions set forth herein. If Supplier accepts Buyer's Purchase Order in writing or commences with the supply of any of the Materials or Services that are the subject of any Purchase Order, Supplier shall be deemed to have accepted these terms and conditions in their entirety without modification. The Purchase Order number must appear on all packing slips, invoices and other documentation referencing the order/release, as applicable.
4. **PRICE/PAYMENT TERMS.** Subject to the paragraph below and unless otherwise agreed by the parties, payment terms are net sixty (60) days from the date of receipt of invoice. Prices for all Materials and Services purchased by Buyer hereunder shall be as set forth in Buyer's Purchase Order. No extra charges of any kind will be allowed unless prior written consent thereto is specifically provided by Buyer. It is the sole responsibility of Supplier to provide clear and timely notification to Buyer of any changes to payment instructions. In the absence of any such confirmation, Buyer will pay according to previously provided or last known banking or remit-to information. All claims for money due or to become due from Buyer will be subject to deduction or set off by Buyer for any counterclaim arising from this or any other transaction with Supplier.

Supplier shall pay promptly all indebtedness for labor, materials, tools, and equipment used in the performance of Services and provision of Materials. Before Supplier shall be entitled to receive payment, Supplier shall furnish evidence satisfactory to Buyer of the full payment of such indebtedness including any affidavit of subcontractors or suppliers furnishing materials or labor before any payments are required to be made to Supplier. In many states, THE LAW REQUIRES THAT SUPPLIER SHALL SUBMIT A SWORN STATEMENT OF PERSONS FURNISHING MATERIALS AND SERVICES BEFORE ANY PAYMENTS ARE REQUIRED TO BE MADE TO SUPPLIER. If any lien shall attach to premises of Buyer as a result of Services or Material provided by Supplier, Supplier shall promptly procure its release and hold Buyer harmless from any and all claims, losses, costs, damages, or expenses (including reasonable attorneys' fees) relating thereto. To the extent permitted by law, Supplier waives and hereby

releases Buyer and the premises of Buyer from any and all liens accrued or accruing to it whatsoever and authorizes Buyer to withhold payments due to Supplier for the applicable statutory period to pay any liens arising from the Services and Materials provided by Supplier.

5. **MOST FAVORED NATION.** If at any time Supplier sells any materials or provides any services comparable to the Services or Materials to a third party under similar terms and conditions except at a lower price than that in effect hereunder, Supplier shall immediately offer to sell such Material or provide such Services to Buyer at such lower price and the relevant price charged to Buyer shall be reduced accordingly.

6. **MEET OR RELEASE FOR MATERIALS.** If at any time Buyer can purchase Materials or procure Services of like quality and quantity at a price that will result in a total delivered cost to Buyer that is lower than the total delivered cost of the Materials purchased or Services procured hereunder, Buyer may notify Supplier of such total delivered cost and Supplier shall have an opportunity of pricing Materials or Services hereunder on such a basis as to result in the same or lower total delivered cost to Buyer. If Supplier fails to notify Buyer it will do so within seven (7) days of receiving such notice or cannot legally do so, then Buyer may purchase such Materials or procure such Services at the lower total cost and any purchases so made shall be held to apply to any applicable Purchase Order, release or work order. The obligations of Buyer and Supplier shall be reduced accordingly or the Purchase Order may be terminated, as applicable.

7. **INVOICING/RECONCILIATION.** Unless Buyer notifies Supplier that purchases hereunder are being processed through Buyer's evaluated receipts settlement program or other similar program, Supplier shall email the invoices with supporting documents including any applicable bill of lading to Buyer's designated email address no later than one working day after shipment is made to Buyer or by end of the month for work performed during such month. Supplier must reference Buyer's Purchase Order number, line item numbers, catalog numbers, and descriptions on all invoices. No invoices shall be issued nor payment made prior to delivery of the Materials or Services performed. All state and federal excise, sales and use taxes shall be stated separately on the invoices. Any delay in receiving invoices, or any errors and omissions on the invoices, shall be considered cause for withholding payment without losing any cash discount privileges or incurring any penalty. Notwithstanding anything stated herein, no payment shall be due with respect to work performed unless Supplier provides waivers and acknowledgments of payments from any and all of its subcontractors.

8. **SHIPMENTS OF MATERIALS.** All Materials purchased hereunder shall be delivered to Buyer DAP Buyer's facility per the Incoterms 2010, unless otherwise agreed by the parties.

9. **UNITS OF MEASURE FOR MATERIALS.** Material shall be supplied in the units of measure specified in Buyer's Purchase Order and Supplier's documentation and data shall also refer to such units of measure, unless otherwise agreed to by Buyer.

10. **DELIVERY OF MATERIALS AND SERVICES.** Supplier shall make delivery of Materials in accordance with Buyer's delivery schedule and shall perform the Services within the time frame Buyer specified, or as otherwise mutually agreed by the parties. Time is of the essence. Supplier shall promptly notify Buyer whenever it appears to Supplier that Supplier will not be able to deliver any part of the Materials specified or to perform any part of the Services on the date(s) specified. Buyer, in addition to any other remedies available to it, may terminate the Purchase Order without any further liability. In such case, Supplier shall, at Supplier's expense, take all reasonable steps, including working extra hours or using alternate shipping methods to expedite delivery of any and all such Materials or the performance of such Services. Supplier shall also be fully responsible for expediting sub-suppliers and/or subcontractors. Supplier shall provide Buyer periodic verified sub-supplier delivery information and/or subcontractor

completion information, or authorize Buyer to contact any sub-supplier and/or subcontractor directly for same. If Buyer accepts short shipments or late deliveries of Materials, and/or if Buyer permits Supplier to provide Services hereunder after the specified date, such acceptance or permission shall not constitute a waiver of any of Buyer's rights.

11. DELIVERY/PACKAGING PROCEDURE. Supplier and Buyer shall agree upon required delivery procedures for Materials purchased hereunder. Supplier shall use its own trucks, contract carriers and/or common carriers as agreed to by Buyer. Drivers and other delivery personnel are required to abide by Buyer's safety regulations, confidentiality obligations and rules of conduct while on Buyer's property, in addition to all rules and regulations imposed by law. Supplier shall be responsible for proper packaging of all Materials to be delivered to Buyer. All Material packaging (boxes, bags, envelopes, etc.), loose pieces of material and packing lists shall be identified by Buyer's Purchase Order/ number, and Buyer's Purchase Order Line Item Number as well as Supplier's and/or Manufacturer's Part Number. Supplier agrees to include Buyer's item description on all packing slips.

Buyer may, at its discretion, return any Materials for any reason whatsoever, if in same condition as received from Supplier, within thirty (30) days of receipt by Buyer. Seller shall refund Buyer for the purchase price of such returned Material. Buyer shall not be liable for payment for Materials delivered to Buyer that are in excess of quantities specified on any Purchase Orders. Supplier agrees to accept for return, at its expense including transportation charges, excess Materials delivered to Buyer, providing such merchandise is in same condition as received from Supplier. If Supplier refuses the return thereof, the excess Materials shall be deemed abandoned by Supplier and Buyer may dispose of the same without further liability to Supplier.

13. SUBCONTRACTORS LIST. Supplier's use of any subcontractors shall be subject to Buyer's prior written approval, which may be given or withheld for any reason whatsoever. Supplier shall provide a list of the subcontractors (including appropriate contact information) to be used to perform any Services hereunder.

14. CERTIFICATES OF ANALYSIS (COA) FOR RAW MATERIAL DELIVERIES. Supplier will provide Buyer's delivery location with a COA prior to or, with each raw material shipment. A separate COA must be provided for each manufacturing lot.

15. TITLE TO DRAWINGS AND SPECIFICATIONS. Buyer shall at all times have title to all drawings, specifications and other documents supplied or prepared by Buyer and/or by Supplier in connection with the furnishing of Materials or Services hereunder. Supplier shall hold in confidence and use the same only to the extent necessary in connection with the supply of Materials or Services to Buyer and shall, upon Buyer's request, promptly turn over to Buyer all copies of same.

16. WARRANTY, SPECIFICATIONS AND CHANGE. Supplier hereby represents and warrants (a) that it is legally authorized to sell and deliver the Materials and to perform the Services; (b) the Materials are merchantable and fit for the purpose contemplated by Buyer; (c) the Materials are new and conform to all specifications, including performance specifications, required by Buyer or stated by Supplier; (d) the Materials will be free from defective materials and workmanship; (e) the use or sale of the Materials will not infringe any third-party patent or other intellectual property right provided, that Supplier does not warrant against infringement by reason of the use of the Materials in combination with other materials or in the operation of any process, except to the extent such use or operation is under the instruction of Supplier or provided furthermore that such infringement would not have occurred but for the use of the Materials in combination with other materials or in the operation of any process; (f) the Materials will be produced, sold and delivered in compliance with all applicable local, state and Federal laws, rules and regulations and (g) that the Services provided will be performed in a good and

workmanlike manner and in accordance with the best standards of practice, so that such finished Services will be complete, free from faults and defects and in conformity with the following (collectively, the "Standards"): (i) all accepted standards and practices customarily provided by an experienced and professional organization rendering the same or similar Services; (ii) any guaranty, specifications or standards provided to Supplier by Buyer; and (iii) all applicable laws and regulations. In the event that Buyer discovers that any of the Standards have not been met and the same is reported to Supplier by Buyer, in writing, following the completion or termination of the Services, or any single project if the Services are provided on a continual basis, Supplier shall take such action, at its cost, as is necessary to meet the Standards and shall bear the expenses of making good the work of all other contractors destroyed or damaged by such defect or correction by Supplier. The foregoing warranties of workmanship shall not apply when the failure to meet the Standards is due to ordinary wear and tear.

Supplier, at its expense, will promptly correct any Materials and workmanship that do not comply with the requirements hereof and shall promptly repair or remove and replace any Materials or equipment not meeting specifications, whether incorporated in the work or not.

Supplier shall provide support to the Materials for a period of ten (10) years from the date the Material is removed from the list of available products, provided that such period shall in no case be longer than five (5) years following termination of the supply of the Materials or Services to Buyer. The support shall be limited to making available spare parts for Material purchased by Buyer, subject to a prior agreement between the parties on the terms and conditions for the purchase.

Supplier, its successors, assigns and legal representatives, shall indemnify, defend and hold harmless Buyer, its affiliates, contractors, agents, resellers, and customers against all claims, suits, judgments, court costs, reasonable attorneys' fees and other liabilities, demands or losses in any manner arising out of any alleged infringement of any patent, copyright or trademark rights due to the possession, use or sale of the Materials or Services provided hereunder, provided that Buyer shall notify Supplier as soon as reasonably possible after Buyer receives notice of any such claim. Supplier shall send to such Buyer product samples complete with test reports indicating the test instrument used. Supplier shall verify the Material sample specifications compared to the agreed specifications and performance. Within sixty (60) days after receipt of notice of such Material Change, in the event Buyer determines, using its good faith judgment, that such Material Change renders the Materials incompatible for the use for which such Buyer is purchasing the Materials, Buyer shall provide written notice of such incompatibility to the Supplier. Supplier shall only make any such Material Change upon Buyer's prior written approval.

17. INSPECTION. Prior to shipment of any Material to Buyer, Buyer or its authorized representative may inspect and test any materials, and equipment used during the course of the manufacture or fabrication by Supplier and its sub-suppliers of any Materials to be sold hereunder. In addition, Buyer or its authorized representative may inspect any work provided by Supplier or its sub-suppliers in the performance of Services hereunder. Such inspections shall not in any event constitute acceptance by Buyer of such Materials or Services, or waiver by Buyer of any of its legal or contractual rights or remedies. Materials purchased or Services provided hereunder are subject to inspection and approval at Buyer's destination per section 17 herein. Buyer reserves the right to reject and refuse acceptance of Materials or Services not in conformance with any instructions, specifications, drawings and data or Supplier's warranties (express or implied). 18. TERMINATION FOR CONVENIENCE. Buyer may, at any time, terminate any Purchase Order in whole or in part by written notice. In the event of such termination, Supplier shall immediately stop all work hereunder, and shall immediately cause any of its suppliers and subcontractors to cease such work.
